

# All About: Zing Stays Kleen

**GREEN Certified**

**Stays Kleen** is a unique **GREEN** Certified formulation that meets environmental standards for safety in application for cleaning and maintaining all types of carpets. Designed to absorb soil in carpets through encapsulation and a dehydration process. Leaves behind a transparent crystalline powder that can be removed with the next vacuum cycle. No need to vacuum immediately after cleaning. Deodorizes carpet and leaves no sticky residue to attract soil. Stays cleaner, longer, than any other carpet system. Dries in 8-15 minutes. Use with all carpet cleaning systems, microfiber pad, bonnet, foam, spray, brush or extraction. Prior to cleaning, test **Stays Kleen** in an inconspicuous area to check color fastness. Allow to stand for 1 minute, blot with cloth.

## Directions

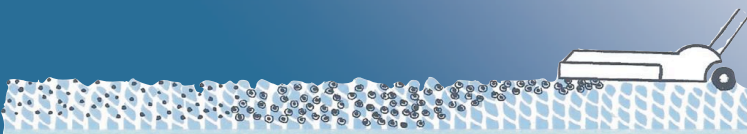

**Spot cleaning** - Follow directions on **Entrance Carpet & Mat Cleaner** label. Spray on and remove spots with a microfiber cloth, microfiber mitt or **Jet Clean Brush on Wheels**.

**Carpet Cleaning** - Mix **Stays Kleen** with warm water.

*Medium Soil - Mix 4 oz. per gallon. Spray carpet with pump sprayer and clean.*

*Heavy Soil - Mix 8 oz. per gallon. Spray carpet with pump sprayer and clean.*

**Brush or Extraction Cleaning** - Mix 2 oz. **Stays Kleen** per gallon warm water. Clean carpet.

## Benefits

- Deodorizes
- Reduces labor
