

Stays Kleen

ZING STAYS KLEEN - CARPET CLEANER

Zing STAYS KLEEN is a carpet cleaner designed to clean and maintain your carpets. STAYS KLEEN is specially formulated to pull stuck dirt from deep within the carpet fibers as well as remove stains.

Not to be used on wool carpet.

Frequently Asked Questions

Q. Why should I use Zing Stays Kleen?

A. Stays Kleen is an encapsulation process that each time it is applied the dirt will be trapped in a capsule form that turns into a power through a dehydration process that will be removed the next time you vacuum the carpet.

Q. How do I know if Stays Kleen will work for me?

A. You will want to test Stays Kleen in an inconspicuous area to check for color fastness. Follow the dilution ratios for mixing and apply to chosen area. Let stand for 1 minute. If color runs, Do Not Use. DO NOT USE ON WOOL CARPETING.

Q. How is Stays Kleen applied?

A. Stays Kleen can be applied with a carpet extractor, carpet machine with cylindrical brush(s) or rotary machine with carpet bonnet or microfiber carpet pad.

Q. How often should I use Stays Kleen?

A. Stays Kleen should be used anytime you schedule your carpet to be cleaned. In our videos we used *Airx 80 Sanitizing/Deodorizing Carpet Cleaner* in a carpet extractor to do the carpet one time. Stays Kleen would then be set up on a scheduled basis. We have 'Task Schedules' that set for *Daily Spot Cleaning, Weekly Cleaning, Quarterly Cleaning and Annual Cleaning (Extracting)*.

No. 993

Q. How should I dilute Stays Kleen?

A. Stays Kleen is packaged 4 gallons per case. For Medium Soil you measure 4 oz. per gallon warm water. Heavy Soil measure 8 oz. per gallon warm water. When using an extractor, bonnet or microfiber carpet pad measure 2 oz. per gallon warm water.

Q. What type of coverage can I expect from Stays Kleen?

A. 1 gallon Stays Kleen measured 4 oz. per gallon warm water will cover 32,000 sq. ft.
1 gallon Stays Kleen measured 8 oz. per gallon warm water will cover 16,000 sq. ft.

Q. How long does it take for Stays Kleen to dry.

A. As long as carpet wasn't over wet carpet should dry in 8 - 15 minutes.
